

Improvement Projects

News Release Date

04-08-2024

Check out the newest website addition, your one stop location to see what the City is working on. This page reflects the recently adopted Capital Improvement Plan (CIP) showing all proposed, and current projects completed within the City of Boardman. The CIP is a document showing a 5 year plan prioritizing projects around the city. There

are 5 categories of projects; Water, Wastewater, Streets, Planning, and General.

From the homepage, in the bottom right corner is a button for "Improvement Projects". Once there, navigate to various projects through pins on the map, or through the project list on the right. Each project page provides project status, a description, timeline, and proposed budget. Maps are available if applicable.
