Honorable Mayor Toms,
Members of the City Council
Members of the Budget Committee,
Members of the Boardman Community,

RE: Proposed Budget for Fiscal Year 2020-2021
For the BOARDMAN URBAN RENEWAL AGENCY

The Boardman Urban Renewal Agency was established on August 19, 2008 to help with development activities in designated areas of Boardman. These activities are designated by its Governing body. The duration of an Urban Renewal is for twenty years from the effective date of the Plan. Since the establishment of the Urban Renewal Agency, two Urban Renewal Districts have been adopted; the Central Boardman Urban Renewal District and the West Boardman Urban Renewal District. Since the inception of these two Districts, a total of \$1,196,810 of construction and area upgrades have been completed, with \$595,965 being reimbursed to the City, leaving a balance of \$600,845 to be reimbursed in the coming years.

The Central Boardman Urban Renewal District

The Central Boardman Urban Renewal District was adopted on August 19, 2008 covering the area from SE Front Street to Wilson Lane along the East side of Main Street. In 2014, a 900-foot water and sewer lines were constructed from Oregon Trail Blvd North to SE Front Street with additional connections and street upgrades on SE Front Street. In fiscal year 2015-2016 a commercial entity was constructed and has been operational on SE Front Street. There are currently two additional ventures with active construction in that area. In 2018-2019 an upgrade to the City's main water line, along Wilson Road, was completed. From 2017 through fiscal year 2019 the District has made reimbursement payments totaling \$412,785 from property taxes, on the debt and operating costs owed to the City of Boardman, with a remaining balance of \$170,210. The City remains supportive of any and all development in this District, and thus has proposed the 2020-2021 Budget to be proactive of any future development.

The West Boardman Urban Renewal District

The West Boardman Urban Renewal District was adopted on November 18, 2013 covering 169.7 acres in west Boardman. It is bordered by W Wilson Lane to the south and Paul Smith Road to the west. In 2014 the street extension of Chaparral and the construction of additional water and sewer infrastructure were completed. Much of the improvements were aided by in-kind support from the Port of Morrow and financial backing by the City for utility services. Two duplexes were constructed in 2016 and two more were completed in 2019. Additional single dwelling homes, are planned for this area. In fiscal year 2018-2019, Faler Road was repaired and upgraded. Along with Faler Rd., the City's main water and sewer lines, in this housing area, were upgraded to replace outdated water and sewer lines and to expand for the needs of the expected growth, with additional housing that is to come in, in the near future.

From 2017 thru 2019 the District has made reimbursement payments totaling \$231,534 from property taxes, on the debt and operating costs owed to the City of Boardman, with a remaining balance of \$430,635. The City remains supportive of any and all development in this District, and has proposed the 2020-2021 Budget to be proactive of any future development.

I respectfully request approval of the 2020-2021 Boardman Urban Renewal Agency Proposed Budget.

Respectfully submitted,

Marta Barajas

Budget Officer/Finance Director

Map of the West Boardman Urban Renewal Area. The map shows a green-shaded area representing the renewal area, bounded by Paul Smith Road to the west, Faler Road to the north, and SW Wilson Road to the south. The area is divided into several blocks, including a large green block on the left and a smaller green block on the right. A legend in the bottom right corner identifies the green area as the 'West Boardman Urban Renewal Area' and the light blue area as the 'City of Boardman'. A scale bar in the top right corner indicates a distance of 0 to 0.5 miles.
