BOARDMAN UTILITY RATE INCREASE BEGINS IN JULY

During their June 4, 2019 meeting, the Boardman City Council approved resolutions for a 5% increase in the city's water and sewer rates. The city previously approved a garbage rate increase of 8% due to the city's garbage contractor increasing their fees.

The rate increase is due to future improvements to the city's water and sewer system. The last time the water and sewer rates were increase was in 2016. The water and sewer rates reflect an increase of 5% across all rate types. Currently the residential water, sewer, and garbage combined base rate is \$56.10 and beginning July 1st the combined rate will be \$59.27, an increase of \$3.17 per unit. The residential water base rate will be \$17.33 and the residential sewer base rate will be \$28.88. The new rates will take effect July 1, 2019.
