BOARDMAN APPRECIATES PATIENCE DURING WATER/SEWER PROJECT

The City of Boardman began a water and sewer upgrade project in March of this year. For much of that time roadways have been impacted all around the city. The city would like to thank those impacted for their patience during the improvements.

In the Faler Road, Mt. Hood, Mt. Adams area, some roadways have been closed over the last couple weeks, making it difficult for traffic to get around. The city is happy to report that paving is almost complete in those areas.

These water and sewer upgrades have been in the planning stages since 2014. The upgrades will ensure reliability and flexibility in the city's water system improving fire flow. The sewer project corrected several reoccurring problem areas. City contractors plan to have the project completed in December.
