4.6.300 Major Modifications

A. **Major Modification Defined.** The City Manager or his/her designee shall determine that a major modification(s) is required if one or more of the changes listed below are proposed:

1. A change in land use;
2. An increase in the number of dwelling units;
3. A change in the type and/or location of access ways, drives or parking areas that affect off-site traffic;
4. An increase in the floor area proposed for non-residential use by more than 15 percent where previously specified;
5. A reduction of more than 10% percent of the area reserved for common open space and/or usable open space;
6. A reduction to specified setback requirements by more than 10% percent, or to a degree that the minimum setback standards of the land use district cannot be met; or

B. **Major Modification Request.** An applicant may request a major modification as follows:

1. Upon the City Manager or his/her designee determining that the proposed modification is a major modification, the applicant shall submit an application for the major modification.
2. The modification request shall be subject to the same review procedure (Type I, II, or III) and approval criteria used for the initial project approval, however, the review shall limited in scope to the modification request. A minor modification shall be approved, approved with conditions, or denied by the City Manager or his/her designee based on written findings on the following criteria:

1. The proposed development is in compliance with all applicable requirements of the Development Code; and
2. The modification is not a major modification as defined in Section 4.6.300, above.
