CERTIFICATION IN LIEW OF STRESS CALCULATIONS

Being a sign contractor duly licensed by the State of Oregon, I hereby certify that the sign proposed in this application is designed in compliance with the wind and stress requirements of The International Building Code as adopted by the City of Boardman. I further certify that the statements in this application and any attachments hereto are true and correct and that the property owner has given permission for this work to proceed. All construction work under this permit will conform to the attached plans, specifications and drawings and to the Codes and Ordinances of the City of Boardman and that all sign construction shall be performed by licensed contractors. All electrical connections and electrical service work shall be properly permitted and performed by a State licensed electrical contractor. I further certify that the attached plans show all existing and proposed signs, their sizes and locations and that if proposing a non-accessory sign, all other non-accessory signs that are within 1000 feet of the property and facing in the same direction and on the same side of the street from which the sign is intended to be read are also shown on the proposed plans.
